3D Saint David's Day Dragon Paper Model

1) Carefully cut out the model along the solid black outlines, being sure to cut down each of the slits on the body section.

2) Curve the body section around and glue the tabs marked "A" to the opposite side to create a tube with cuts down the side.

3) Curve around the tail section and glue the tab marked "B" to create a cone.

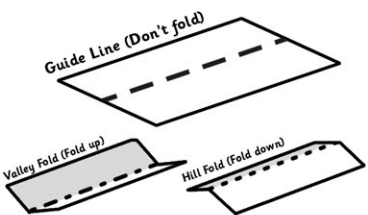

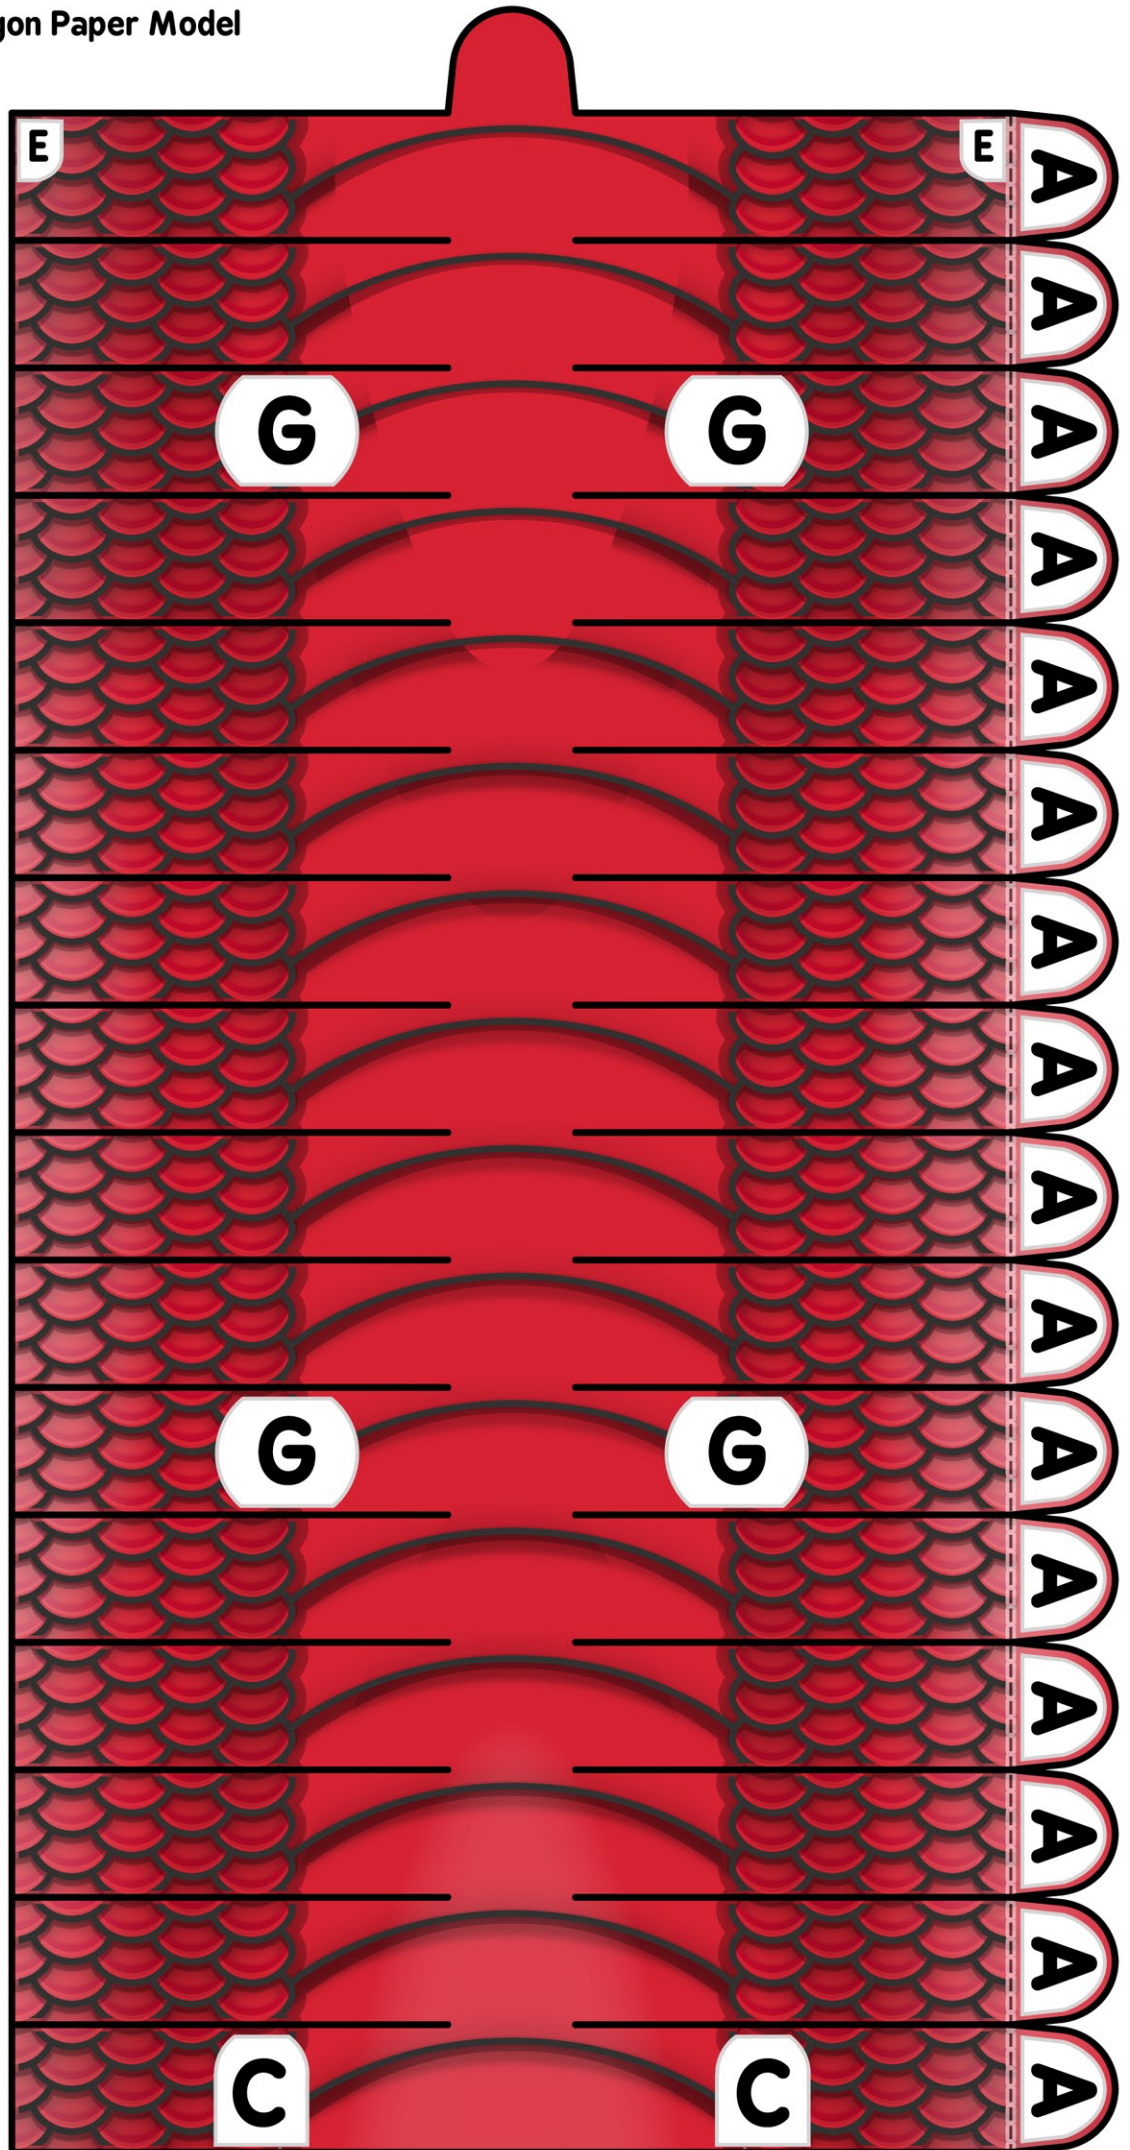

4) Glue the tail to the body using the exposed flaps and the tabs marked "C".

5) Curve around the head section and glue together using tab "D".

6) Attach the head to the body using the tabs marked "E" making sure that the head is the right way up (eyes facing upwards), as well as the body (scales and cuts facing upwards).

7) Glue down the tab marked "F" to the inside of the bottom jaw to close the dragon's mouth.

8) Glue the legs to tabs marked "G". You can arrange the legs as you please.
